

WE ARE OPEN FOR BUSINESS!

To Our Hickenbottom® Customers,

The health and safety of our employees, suppliers, customers and service providers is our first concern.

We have taken all the necessary steps to provide a safe work environment for our employees and our customers to protect them from the COVID-19 virus.

Based on information we have from various government agencies at both federal and state levels, we would fall under the “Essential Retail” classification. As a result, we will continue to be open for business supplying products necessary for our country and our world as we work through this difficult time.

Below is a list of markets that we supply parts for that would fall into this classification:

- Agriculture
- Construction
- Infrastructure
- Fire Protection
- Safety/Security

As we look ahead and to God, we know that we will work together through the challenges of the current time. Please contact us with any questions or concerns.

Stay safe, be well, and be blessed,

Owner and Staff at Hickenbottom® Inc.
